

2015 TSD RALLYE GLENWOOD SPRINGS

Friday, June 12, 2015 began in rain..... A downpour of rain. A gullywasher of rain, so just getting to the start line at Mimi's deserved a trophy. After driving through a cloud on Berthoud Pass, we were greeted by sunshine in Winter Park, and the rest of the day was beautiful.

Out of 58 cars that signed up, congratulations to the 42 cars that started (in the rain) and finished!

Thanks to all the volunteers, checkpoint workers and course checkers. Special thanks go out to Stan & Eileen Edwards of Denver MGCC.

And congratulations to everyone who got off course or had mechanical troubles, and still got themselves back in the rallye and finished. One car spent an hour in Idaho Springs. Two went back to Denver for more waterproof cars; one car headed off toward Nederland, and another toward Loveland Pass.

All time allowances were allowed. This was a tough rally. Eight out of 9 legs had a trap, and the 9th leg was extra long, so the scores were high, but everyone did well on the traps, and at the three staffed DIYCs. The philosophy for this year's TSD was to not penalize break downs, or unlucky ones who get caught in traffic.

Leg #5 was thrown because just 3 days before the rally the Leg #4 checkpoint had to be moved, and in the process an instruction got lost. Leg #5 scores did not count.

The top three overall teams were:

1st – Carol & Ben Cordsen. (Intermediate, 1980 MGB) **638** pts

2nd - Melanie & Doug Eulberg. (Experienced, 2007 Subaru Forester) **851** pts

3rd – Evan Gull & Petier Wirth. (Computer, 1973 TR6) **877** pts

Congratulations again to one and all. Leg-by-leg scores and answers to questions are available from the rallymasters at Jabalice@lpbroadband.net

See everyone next year at the 64th .

Wayne Covington & Judy Balice
